

Communal Area Cleaning

We are contracted to property management companies, letting agents and individual investors taking care of different types of residential and commercial buildings every day. Our prompt and efficient service helps our clients to provide excellent living and working conditions to owner occupiers and their tenants. Communal areas and common parts have always been the first point of visitors' contact with the building and their state of cleanliness is always our priority. We would raise any issues found during our visit to the property managers, letting agents or directly with an individual client.

An example of our communal area service includes tasks such as:

- Remove cobwebs
- Dusting and/or polishing all common areas skirting boards, windows, window frames, window sills, doors, light fixtures, light switches
- Cleaning and polishing lifts and stainless steel lift doors
- Vacuuming carpeted areas
- Mopping and polishing (buffing) hard floors
- Cleaning and sanitizing toilets (if applicable)
- Cleaning of reception/concierge/security areas
- Clean entrance doors and windows

Additional services can be added at a charge:

- Changing bulbs if needed
- Litter picking outside building / around development
- Bin area maintenance
- Car park sweeping

The service can be carried out on a daily, weekly, fortnightly or monthly basis. No matter how often we visit you, we make sure that following our visit your common areas are clean and welcoming at all times.

We would tailor the communal cleaning to your requirements and the price would reflect this. We offer free no obligation quotes.
